

MEMORANDUM FOR: Chief, Information Systems Security Group

FROM:

[REDACTED]
Acting Chief, Industrial Security Branch

SUBJECT:

1. The Industrial Security Branch conducted a reaudit of [REDACTED] from 13 through 17 December 1982. It was determined that classified information is being processed in support of Agency sponsored BYE programs within the Agency dedicated Secure Work Area [REDACTED]. The computer system processes only Agency classified information and operates on a continuous basis.

[REDACTED]

3. Although purchase of the equipment was monitored by the COTR, neither the [REDACTED] nor the Systems Manager, [REDACTED] were aware of any security approval for the

system. The audit team provided them with a copy of "Security Requirements for Contractor Information Systems Processing SCI." A formal recommendation was presented at the conclusion of the audit to members of the staff and management that a Computer Security Plan be submitted to OS/ISSG.
